Business Technology—What is it?

The Business Technology program helps prepare individuals for jobs in today's computerized business environments. Students complete hands-on computer training in current word processing, spreadsheet, database and presentation software to develop skills essential in an office environment. In addition, students study human relations, mathematics and communications—all essential for success in the workplace.

Program Outcomes:

Students who successfully complete this program should have:

1. Knowledge of current business practice and office technologies.
2. An ability to prioritize, organize and plan office work.
3. An ability to use current computer software packages proficiently.
4. The communication and interpersonal skills necessary to work effectively with others.
5. An ability to manage information effectively.

Career Opportunities—What can I do with a Degree or Certificate in Business Technology?

Graduates of Business Technology find employment in a variety of office and administrative support positions to include: Office Assistants, Office Clerks, Receptionists, Information Clerks, Administrative Secretaries, Administrative Assistants and Office Administrators. Entry-level annual salaries typically range from \$23,000 to \$29,000.

Potential employers include: Health Care Industry, Law Firms, Accounting Firms, Insurance Agencies, Small Businesses, Corporations, Education and Government Agencies. For more, please visit career information and resources at www.shoreline.edu/acc/CareerCounseling.aspx
