Program Description

Shoreline Community College offers a short-term Certificate of Completion (CC) in Microsoft Software Applications leading to an entry level position in an office setting. Students interested in advancement are encouraged to enroll in longer courses of study to complete additional certificates or associate degrees in Business Technology. Students pursuing a four-year baccalaureate degree in Business should follow the Business Associate in Arts (AA-DTA) direct transfer degree planning guide.

EPC J518A

Microsoft Software Applications—What is it?

Many businesses rely on Microsoft software applications for basic word processing and graphic presentations to the creation and maintenance of databases and spreadsheets. This certificate program is designed to train students in the most common Microsoft business software applications for entry-level positions in any business environment. For advanced study, consider a Certificate of Proficiency or an Associate in Applied Arts and Science (AAAS) degree in Business Technology.

Program Outcomes:

Students who successfully complete this program should have:

1. a working knowledge of word processing.
2. a working knowledge of spreadsheets.
3. a working knowledge of databases.
4. a working knowledge of graphic presentations.

Career Opportunities—What can I do with a Certificate in Microsoft Software Applications?

Graduates with knowledge and skills in business Microsoft software applications are ready to work in entry-level office positions or apply these skills to current positions. Potential positions include Administrative Assistant, Receptionist and Office Coordinator. Salaries are dependent upon position and level of responsibility.

Potential employers include: Small businesses, corporations, government agencies, schools, health care facilities—or any business or organization using Microsoft software applications. For more, please visit career information and resources at www.shoreline.edu/acc/CareerCounseling.aspx
